INTRODUCTION

A MESSAGE FROM THE SENIOR PARTNER

I am pleased to present our fourth Transparency Report, which is for the year ended 30 June 2025. The Transparency Report is designed to give information on the ownership and governance of the Firm and the measures we take to maintain independence and high-quality standards in our audit and other services.

PKF Canillas Limited ("the Firm") was incorporated on 24 February 2021 and is registered as an Audit Firm with the Gibraltar Financial Services Commission (registration FSC1018FSA).

It is the successor firm to PKF Canillas, following its incorporation in 2021. The Firm offers a comprehensive range of professional services including audit, taxation, accounting, consultancy services, reorganisation services and insolvency. We have over 20 years of experience and our professionalism is second-to-none and widely recognised amongst the business community in Gibraltar. Our client base covers various business sectors and is serviced by a highly motivated team of dedicated personnel.

During the period to 30 June 2022, the Firm was engaged to carry out its first statutory audit of a Public Interest Entity, which it continued to audit during the years ended 30 June 2023, 2024 and 2025.

LEGAL STRUCTURE & OWNERSHIP

THE LEGAL ENTITY AND OWNERSHIP

PKF Canillas Limited is a limited company incorporated in Gibraltar on 24 February 2021 with registered number 120823.

Its shareholders are three of the company's directors, Joseph Canilla, Victor Carl Canilla and Daniel Delgado. There is a fourth director, Pedro Jr. Alvarado.

The Firm operates from its offices at Suite 2.1.09, Eurotowers, Gibraltar.

NETWORK

PKF GLOBAL

Introduction

The Firm is part of the PKF Global (PKFG) network of legally independent firms. The PKFG Network consists of members firms in locations around the world, providing assurance, accounting, business advisory and taxation services. PKFG is a member of the Forum of Firms – an organisation dedicated to consistent and high-quality standards of financial reporting and auditing practices worldwide.

PKFG administers a network of legally independent firms and does not accept any responsibility or liability for the actions or inactions of any individual members or correspondent firm or firms.

Legal basis

The network formed by PKFG, and the member firms (the member firms or members) is regulated by adherence to an Agreement (the “Agreement”) between PKFG and individual Members. The Agreement authorises the Members to use the PKF name as defined under specific circumstances, under specific conditions, for specific purposes and in a specific territory, in consideration for which the Members pay a membership fee to PKFG.

PKF International Limited is a private company (the Company) registered in England and limited by guarantee (registered number 03816253) which administers the PKFG network. The Company’s Articles of Association require a Board of Directors who conduct the business of the Company and network. The board has a strategic and co-ordinating role but has no executive authority over or involvement in the operations of individual member firms.

Each member firm is a legally independent entity owned by partners or shareholders and managed in each location. The Company has no financial or management interest in any member firm. None of the directors of the Company has a financial or management interest in any member firm other than his or her own.

Contractual relations are only formed between a client and the member firm engaged by the client; no other member firm has responsibility for the services provided and cannot be held liable.

Structure

Member firms are organised into five geographical regions. Each region has a regional board and elects or nominates representatives to the Company’s Board of Directors.

There are two international committees responsible for professional and practice standards – the International Professional Standards Committee (incl. Assurance) (IPSC) and International Tax Committee (ITC). A number of additional practice area committees operate both regionally and internationally.

Quality assurance

PKFG operates a Global Monitoring Programme (GMP) covering member firms. The principal objectives are to ensure that the standards expected for the performance of certain types of professional work by member firms are established and communicated to members, that those standards meet appropriate recognised professional practice requirements at least for transnational and referred work, and that a programme of monitoring of compliance with expected standards is operating effectively.

Member firms, countries and turnover

PKFG distinguishes between member firms and exclusive / non-exclusive correspondent firms. Correspondent firms do not form part of the Network as defined by the Code of Ethics for Professional Accountants, including International Independence Standards issued by the International Ethics Standards Board for Accountants (IESBA), do not have equivalent rights and privileges or responsibilities of member firms, and are covered by the GMP only to the extent of assessing correspondent firms as part of their admission to full membership. An up-to-date list of members and correspondent firms, including the firm names and countries in which they are registered and operate from, can be found on the website www.pkf.com.

The aggregate fee income which relates to the statutory audit of annual and consolidated financial statements for EU EEA members firms (excluding correspondent firms) that belong to the PKF network (as set out in Appendix A), as reported in the Firm Compliance Reporting ending 30 June 2024, is US\$113.1 million.

GOVERNANCE

The Firm is governed by a Board of Directors which has responsibility for the supervision and management of the Firm.

The Board retains overall responsibility for the provision of audit and any other services it provides to clients and for monitoring of risks within the Firm.

The Board of Directors meets on a regular basis and retains overall responsibility for the provision of audit and other services it provides to clients and for monitoring of risks within the Firm.

The directors during the year ended 30 June 2025 and as at the date of this report were Joseph Canilla, Victor Carl Canilla, Daniel Delgado and Pedro Jr. Alvarado.

SYSTEM OF QUALITY MANAGEMENT

The Firm's system of quality management is designed to provide reasonable assurance that the Firm complies with professional standards and regulatory and legal requirements and is based on the International Standards on Quality Management (ISQM) issued by the International Auditing and Assurance Standards Board (IAASB).

A new International Standard of Quality Management (ISQM 1) came into effect on 15 December 2022. The standard, which replaced ISQC 1, requires firms to design, implement, monitor and evaluate a system of quality management that ensures the firm will meet audit quality objectives that are prescribed in the standard.

The Firm implemented ISQM 1 and introduced processes for the ongoing monitoring of compliance and any required enhancements. The Firm monitors that such processes are taking place and that no significant deficiencies have been identified that may impact the operation of the Firm.

The Firm's system of quality management and how it complies with the requirements are detailed below.

LEADERSHIP RESPONSIBILITIES

The Board of Directors has a responsibility to promote quality within the Firm.

The Firm has a System of Quality Management Procedures Manual ("SoQMPPM") which sets out the standards that the Firm must meet in order to comply with ISQM 1 and other professional standards.

Responsibility for the effective operation of the Firm's system of quality management lies with the Board of Directors.

ETHICAL REQUIREMENTS

The requirement to comply with the IESBA Code of Ethics for Professional Accountants ("the IESBA Code") is set out in the Firm's SoQMPPM and the Firm follows the PKF International Professional Standards Manual ("IPSM"), which also covers independence requirements.

Our independence requirements include that:

- Adherence to the IESBA Code takes precedence over commercial considerations.
- Before accepting any new work assignments from either new or existing clients, partners and staff must take reasonable steps to identify circumstances that could pose a conflict of interest both within the Firm and the PKFG network.

- Conflict of interest checks within the PKFG network must include a review of the PKFG Transnational Entities database to establish if any network firm has an existing relationship with the new or existing client.
- Partners and managers are required to keep independence issues under constant review and, in respect of audit assignments, reconfirm the Firm's independence having regard to the IESBA Code, prior to the commencement of every audit.
- All members of the Firm are required to complete an annual declaration of their independence, freedom from conflicts of interest and that they hold no prohibited investments.
- The Board of Directors has completed a review of the annual declarations for independence compliance submitted by partners and members of staff for the year ended 30 June 2025.
- Gifts and hospitality can only be accepted or offered where an objective, reasonable and informed third party would consider, or perceive, the value to be trivial or inconsequential.
- The Board of Directors must be consulted on all questions related to independence and professional ethics. The decision of the Board of Directors on each matter is final.
- Instances of non-compliance with or breaches of the Firm's procedures must be reported to the Board of Directors.
- The Firm's policy on the rotation of key audit partners and staff is guided by the Financial Services Act 2019 and the IESBA Code. All partners and staff involved in a PIE audit must follow the Firm's rotation policies. In summary these policies are:

Role	Maximum period in that role	Minimum period before an individual can be involved in the audit again
Engagement or Key Audit Partner	7 years	3 years
Other Partners and staff in senior positions	An assessment of any threats to the independence of the Firm is undertaken after 7 years. Involvement will only continue with safeguards applied	n/a

CLIENT ACCEPTANCE & CONTINUANCE

The Firm has detailed procedures covering the acceptance and continuance of client relationships and new specific engagements. A comprehensive client acceptance form must be completed prior to acceptance of every appointment. This requires identification of the prospective client, an assessment of the Firm's independence, integrity and objectivity, freedom from conflicts of interest, an assessment of whether the Firm has the requisite skills and available resources to carry out the engagement and an assessment of the risk the prospective client would present to the Firm.

Conflict of interest checks are completed prior to preparing a proposal for a potential new client or before agreement for the provision of a new service to an existing client. The checks include a consideration of whether the entity is a transnational entity, a public interest entity or a listed entity. Transnational entities are those entities whose financial statements may be relied upon outside the audited entity's home jurisdiction for the purposes of significant lending, investment or regulatory decisions. A database of such entities is maintained by PKFG to enable identification of those entities where another network member firm provides services to that entity.

Upon acceptance of a new client or a specific engagement from an existing client, the Firm issues a detailed engagement letter for agreement by the client, setting out, inter alia, our understanding of the nature of the assignment and what is required of the Firm and the standard terms of business.

ENGAGEMENT PERFORMANCE

Quality is central to the culture of the Firm, with regular updates and reminders being provided to all of their personal and collective responsibility. The results of our monitoring procedures are reviewed by the Board of Directors with a focus on audit quality. If challenges to consistent quality are identified a root cause analysis is undertaken and steps taken to address matters identified.

The Firm's procedures for engagements are set out in the Firm's SoQMPM. In respect of audit and assurance engagements, the Firm uses widely recognised third party audit methodology and audit software, to ensure compliance with International Standards of Auditing (ISAs).

All professional work is subject to review by managers, directors and partners, with clear guidelines laid down for second partner consultation, engagement quality control reviews, consultation with the compliance partners and the use of external experts where required.

RESOURCES

The Firm has established policies and procedures to ensure that partners and staff are equipped with the required technical skills and reflect the Firm's values of commitment to client service and high professional and ethical standards, covering objectivity, integrity and independence.

The Firm sets high standards for the recruitment and promotion of personnel, in particular with regard to the selection and interview of candidates and the qualifications including relevant experience as required. Partners are involved in all interviews and references are always taken, including verification of membership of professional or regulatory bodies.

All personnel undergo regular appraisals dealing with past performance, future development and training needs as aligned to the relevant competency framework. Audit staff are also assessed on the achievement of audit quality, and this is fed into their regular appraisals.

All partners and staff adhere to the requirements of the ACCA for continuing professional development (CPD) and the Firm facilitates and encourages continuing education to all staff.

The training programme is informed by new technical developments, the identification of training needs through appraisals, the Firm's quality control system and a review of CPD records maintained by staff.

Details of the mandatory training for relevant staff are as follows:

- Accounting updates
- Audit updates
- Ethics updates
- Anti-money laundering
- Anti-bribery and corruption training
- GDPR training
- A portfolio of management skills training
- Other technical based training as appropriate for specific partners and members of staff

The Firm is an accredited training office with the Association of Certified Chartered Accountants and the Association of Accounting Technicians. The progress of students studying for their professional qualifications is carefully monitored, with each student being closely supported.

The Firm is committed to the highest standards of openness, probity and accountability and encourages members of staff who have genuine concerns about any form of malpractice in the Firm to raise those concerns. This whistleblowing policy applies to all partners, employees, agency workers and self-employed contractors.

MONITORING & REMEDIATION

The Firm engages external reviewers to monitor the quality of audit work. A review of a sample of the audit work undertaken in the year ended 30 June 2025 is expected to be undertaken in November 2025.

PKF Canillas Limited is a Registered Auditor and is regulated in the conduct of its services by the Gibraltar Financial Services Commission (GFSC). The most recent quality assurance review by the GFSC was carried out in February 2023.

As a member firm of the PKF Global network, the Firm is also subject to periodic reviews by PKF International.

Following completion of audit quality reviews, the Firm will bring to the attention of partners and staff the results of the reviews, and general themes from the reviews that should be brought to the attention of the wider audit teams.

The results of all internal and external quality reviews are used to inform improvements to the Firm's policies and procedures and are also fed into the Firm's internal training programmes.
